**Sora Northeast Development receives "Best of Biz in South Jersey"
Award in the category of Real Estate Developer**

Sewell NJ, August 22, 2014 - The 2014 South Jersey BIZ Magazine *Best of Awards* were recently announced in the August edition of the magazine. In the Real Estate Development category, Sora Northeast Development is featured as a winner.

Sora Northeast Development is headquartered in Sewell NJ and recently expanded their office to accommodate their growing company, as well as establishing it as the location for its financial partner The Argo Group LLC. The Argo Group LLC is a financial entity for multi-national ventures in real estate developments and corporate opportunities. As developers, redevelopers and third-party development managers, their team facilitates the planning, design, financing and construction of residential, retail, commercial and mixed-use projects, working closely with State, County, Municipal and private entities.

Led by principal Greg Filipek, Sora Northeast is a partner, investor and developer of successful mixed use projects that have contributed to the revitalization of downtown municipalities with real estate development, such as the public-private partnership as the master redeveloper of the Rowan Boulevard project in Glassboro, NJ. Sora NE recently proposed a \$350 Million project, *America's Sports Resort*, to be built in Vineland NJ. When the site plan is approved, it will create construction jobs, direct and indirect permanent jobs and a significant economic impact for the entire region.

Information on the team of Sora Northeast Development and their projects can be found on the website www.soranortheast.com
